

# UNITED HEALTHCARE CERTIFICATION INFO

## Certifications Open June 26! Quick, Easy and Hassle Free

It's time to prepare for the 2018 selling season. **Starting on June 26, you can begin certifying to sell 2018 UnitedHealthcare products.** We are excited to be rolling out some improvements to our certification process to save you time and hassle.

**Don't delay!** You may begin marketing 2018 plans on October 1, 2017. Ensure you are ready when that date rolls around by completing certification early! That's not all - agents who are certified by August 18, 2017, can take advantage of an exclusive pre-order of 2018 Enrollment Guides from **August 19 – September 3, 2017.** More information on the pre-order process will be coming soon.

### **NEW! Save Time – 60 Minutes of It!**

When you pass the 2018 Medicare Basics prerequisite test, you will also be given credit for Medicare Advantage (MA) and Prescription Drug Plan (PDP) products. Once you pass **all three prerequisite tests** (Medicare Basics, Ethics and Compliance, and AARP), you will be certified to sell both MA and PDP. And, don't forget to certify for Medicare Supplement Insurance Plans and Special Needs Plans to help grow your business.

### **NEW! Fraud, Waste and Abuse Training Course Now Included**

You no longer need to visit the Centers for Medicaid Services (CMS) to take the Fraud Waste and Abuse training. The course is now available in the Ethics and Compliance module and assessment. Simply take it, attest to it in the Ethics and Compliance assessment, and you're done.

### **NEW! Conflict of Interest Disclosure**

In an effort to make the annual disclosure to a conflict of interest seamless while you are already certifying with UnitedHealthcare, the 2018 Ethics and Compliance prerequisite test includes, in addition to the Pledge of Compliance, a conflict of interest status disclosure.

- Your response **will not** affect your ability to proceed with the certification process with UnitedHealthcare.
- Some common situations that create a potential for conflict of interest include you or your immediate family member has a direct or indirect ownership interest, or an employment relationship, or position of influence with a healthcare provider or UnitedHealthcare business partner, or a UnitedHealthcare employee manages, or is managed by, a family member within their sales organization reporting structure.
- The key to staying compliant is disclosing any potential conflict of interest you may have.
- Contact your local sales leader to learn more about the UnitedHealthcare conflict of interest policy or with questions.
